Flush mounted to the table or seat armrest for a custom, integrated look. The SB1 is made from machine finish stainless steel, vandal resistant, low profile, dust and water resistant. When activated the SB1 has an attractive LED illuminated ring. Available in Blue, Red, or Green to match your decor. Add function and elegance with the optional "Push for Service" bezel. The SB1 can be used with any of our transceiver products, InSeat Transceiver, T1000 or T1000M2.
